

ABOUT THE PROGRAM AAHOA Energy hotels across the country aggregate their energy. When an organization has high membership, it presents leverage to negotiate better rates for members in deregulated areas. Saving on energy bills and putting money back into the chamber and community.

How Aggregations Work

Look at Your **ENERGY BILL**

DELIVERY CHARGES

Did you know extra charges are added to your rate each month? You may think you are paying 6c kWh, but delivery charges can double your rate! Check your bill for the average rate you paid that month.

FREE NIGHTS & WEEKENDS

If it sounds too good to be true, it usually is. Providers are able to offer free nights and weekends by charging sky-high rates during regular hours. These plans are most beneficial for businesses only open in the evening.

MONTHLY FEES

In most cases monthly fees are something that everyone pays. The monthly fees can be waived if you use enough energy. We can look at your bill and review what options are best for you and or your company.

ENERGY PRODUCTS

When it comes to energy products, it's easy to get confused. Allow us to examine your current energy product and offer suggestions on products that may be a better fit for you business.
